Andhra Pradesh

SUMMARY

I'm a Front-end Developer with expertise in crafting responsive web interfaces. Skilled in front-end technologies, including frameworks like React. I have a good knowledge of programming languages such as C, Java, and Python. Passionate about problem-solving and enhancing my expertise in Data Structures and Algorithms (DSA) by solving problems on LeetCode. Constantly updating myself with the latest technologies.

EDUCATION

RVR & JC COLLEGE OF ENGINEERING

Computer Science Engineering (Artificial intelligence and Machine Learning (2023 - 2027)

VAGDEVI JUNIOR COLLGE

INTERMEDIATE (2021 - 2023)

GRADE- 10

ANDHRA PRADESH MODEL SCHOOL

10th   2021

GRADE 9.5

SKILLS

- Project Management
- Public Relations
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

CODING LANGUAGES

- C
- REACT
- PYTHON
- JAVA
- HTML, CSS , JAVASCRIPT

CERTIFICATIONS

- Course completion certificates in C , PYTHON , WEB DEVEELOPMENT
- Completion of responsive web design from free code camp
- DataStructures Mastery certificate from FreeCodeCamp
- Got 50Days badge in Leetcode
- 2* in CodeChef for solving problems

PROFESSIONAL EXPERIENCE

Freelance Front-End Developer | NOV-24 - DEC-24

- Developed Nestora, an e-commerce platform for interior furniture, optimizing performance for fast rendering and improved user experience.Created dynamic user experiences by integrating APIs and working with modern front-end frameworks.
- Implemented a responsive UI, ensuring seamless accessibility across devices.
- Enhanced website traffic and engagement by creating an intuitive and easy-to-navigate interface.
- Leveraged React and modern front-end technologies to build a scalable and efficient application.

Personal Projects

- **Team Collaboration Platform**: Developed a team collaboration platform that allows users to create and manage teams, track projects, and communicate seamlessly through a LinkedIn-style chat system. The platform includes real-time messaging, role-based access control, and project tracking with a clean and responsive UI.

- **Netflix GPT**: Built Netflix GPT, an AI-powered movie recommendation and streaming information platform. This application integrates GPT-based search and recommendations, allowing users to discover movies and TV shows effortlessly. The platform features a Netflix-inspired UI, personalized content suggestions, and secure authentication. with this feature the user engagement increased by 35%

- **E-Commerce Site**: Developed a fully functional e-commerce site with product listings, a shopping cart, and checkout features. Enabled user authentication and streamlined product management for a smooth shopping experience.

Technical Skills

- Proficient in HTML, CSS, JavaScript, and modern front-end frameworks like React and Bootstrap.
- Experienced with version control systems (Git) and collaborative tools like GitHub.
- Knowledgeable in responsive design principles and cross-browser compatibility.
- Actively practicing Data Structures and Algorithms (DSA) on LeetCode, enhancing problem-solving skills and algorithmic thinking.
